LEININGER CABINET & WOODWORKING

Lexington, KY

'96: \$1,264,000 Sales '97: +38.1% Est. 1950

'97: \$1,745,000 Projected '98: N/A Employees: 20

Custom manufacturer of architectural woodwork and casework with approximately a 70/30 split between commercial and high-end residential. Products include cabinets, both wood and P-lam, custom doors and windows, mouldings, trim, desks, fixtures, countertops, etc.

"We have increased the speed at which we can produce large runs of cabinets," said Leininger vice president Jim Leininger. With the economy in an upswing, the company has been able to successfully bid for large jobs and meet the schedules required to complete the projects. The company is currently operating at full capacity and is looking to expand its assembly operations by 16,000 square feet. "We're right at the point that if we had more space we could tackle bigger projects," Leininger said.
